HORSE LIVES TO AGE OF FORTY YEARS

Extraordinary Longevity of Mare is
Brought Out by Recent Sale by
Pat Carroll.

OWNED BY ONE MAN 28 YEARS

The extraordinary longevity of a
horse has been brought out by the
recent sale of Pat Carroll's old
mare to Lige Pea. The mare is said
to be forty years old, which in some
quarters is said to be a record for
old age as far as horses are con-
cerned. The Carroll horse is known
almost as well as Pat himself as he
has owned the horse about as long
as the "oldest inhabitant" can re-
member.

Carroll bought the horse twenty-
eight years ago from the late Dan
Murphy. At that time the horse was
twelve years old. The animal is said
to have been raised by George
Thomas, and according to these fig-
ures, is forty years old, and the ex-
act age may exceed this by a few
years. Tom Sullivan vouches for
the statement that the horse is forty
years old, as he remembers when
Carroll purchased the animal from
Murphy.

Mr. Carroll has taken exception-
ally good care of the mare. He re-
cently sold the horse together with
a small road wagon, to Lige Pea
for \$32.

CASE IS SENT TO SHELBY COUNTY

Change of Venue Granted in Reple-
vin Suit of Alberta M. Walker
Against Sheriff Cavitt.

ARGUMENT IN ANOTHER CASE

Judge Sparks today granted a
change of venue in the case of Al-
berta M. Walker against Vorhees
Cavitt, sheriff of Rush county, send-
ing the case to the Shelby circuit
court. It is a suit to replevin cer-
tain goods that the sheriff obtained
from the Walkers through an order
of the court. Ten days was given in
which to perfect the change.

The court heard the argument in
the case of Oneal Brothers against
John D. Stewart and Mrs. Mary
Stewart to foreclose a mechanics
lien. The case was tried last Sat-
urday, but the argument was post-
poned until today. There were no
cases set for trial today and as a
result there was very little going on
in circuit court.

ment use all armor plate factories in

MUST BE FREE OF ALL DISEASE

Workers With Food Products Will
be Compelled to Furnish Cer-
tificate of Health

ORDERS NOT SENT HERE YET

Local Health Officers Expect to Re-
ceive Notice of Enforcement
of Order Any Time

Although neither Dr. Will C.
Smith, county health commissioner,
nor Dr. E. I. Wooden, secretary of
the city board of health, have re-
ceived such orders yet, the state
board of health has announced that
it has sent out instructions to local
health officers throughout the
state, under which enforcement of
the board's rule, requiring freedom
of disease for all persons working
with food products, is to begin at
once. Local health officers expect-
ed to receive the order most any
time.

The board, in a recent order,
directed all employers to require a
certificate of freedom from disease
from their workmen. The order ap-
plies to bakers, cooks, grocers,
clerks, waiters, employes in canner-
ies, slaughterhouses, dairies and
"every one, who, in any way, comes
in contact with food."

According to the announcement
the local health officers throughout
the state will enforce the provisions
of the order. The board will pro-
vide the necessary blanks and local
health officers may be called on to
make the examinations.

"This means that hereafter the
man who wants to work with food
must show his certificate of good
health," the board's announcement
today said. "It means that the
diseases of bad living and immor-
ality will not be found among the
men who handle our food. The
state board of health will receive
the heartiest co-operation from the
hotel and restaurant proprietors,
canners, confectioners and bakers,
all of whom have urged the rigid en-
forcement of the law. That the con-
sumers of food will welcome the
elimination of the unfit from contact
with their food goes without say-
ing."

ALL FOR WATSON.

A letter has been received here
from Aaron Wellman, who, together
with several Rushville people, are
sojourning at St. Petersburg, Flori-
da. The letter tells of a vote taken
on United States senator among
Hoosiers at the resort. It resulted
as follows: Watson, 57; New, 27;
Robinson, 3; Kern, 4.

WILLARD BENNETT FINED.

Willard Bennett was fined one
dollar and costs on a charge of pub-
lic intoxication this morning by
Mayor Bebout. Bennett was ar-
rested late last night by Night Po-
liceman Lakin. He went to jail for
eleven days in default.

CLOCK STOPPED AGAIN.

The court house clock was again
out of order today. The clock
stopped at five minutes till six
o'clock this morning. The lever con-
trolling the hands on the west face
of the clock is out of repair and
these hands at time put the other
three faces out of commission. Jess
Poe made the repairs this morning.

EASTERN STAR MEETING.

Martha Poe chapter, No.
443, O. E. S. will have a
closed meeting Friday even-
ing for the purpose of degree work,
to begin at 7:30. All members are
urged to be present.

COST WILL RUN ABOUT \$3,000

Estimated That Expense of Primary
in This County Will be Near
That of an Election.

\$3,665 IS APPROPRIATED

Expense of Registration and Elec-
tion in Rush County in 1914
Was \$3,132.

The cost of the compulsory pri-
mary election to be held March 7,
is estimated by county officials to
run about the same as the last gen-
eral election and registration. It
may be more and it may be less as
this is hard to determine because it
will be the first primary ever held in
this county.

The expense of the registration
and election in 1914 was \$3,132.
Some officials believe that the pri-
mary election will at least equal this
cost. The county council has al-
ready appropriated \$3,655 for elec-
tions. It is practically certain that
the expense of the primary will not
exceed the amount appropriated.
The amount appropriated is for
election expense and an additional
amount will have to be appropriated
for the general election in Novem-
ber, if the primary takes a very
large sum from the total appropri-
ated.

This year there will be but one
registration day and at least \$500
will be saved the county by this.
However the expense of the primary
will almost double any amount heret-
ofore expended for elections by the
county.

It has been estimated that the
average cost per county for the
primary will be \$5,000, but this
amount is said to be too large for
Rush county. The expense for print-
ing the ballots, furnishing the elec-
tion paraphernalia and for counting
the vote will fall on the county. Be-
cause of the number of candidates
and other complications of the pri-
mary more time will be required to
count the vote. This means extra
pay for the members of the election
boards. It is estimated that it will
require twice as long to count the
vote at the primary as is required
at a general election.

The printing of the primary bal-
lots will require considerable time.
Each precinct in the county will
have a separate ballot for each of
the three parties. This makes a
total of 93 forms. Under the law
where there are more than four
candidates for any one office the
names of the candidates are to be
rotated in such a manner that each
candidate will head the list an equal
number of times. This will occur
but once. There are six candidates
for the Republican nomination of
sheriff. It will be necessary to print
the ballots so that each one of the
six names appear at the top of the
list an equal number of times.

JOE ROACH HAS A FIGHT

Attorney in Conspiracy Cases Mixes
With Terre Haute Man.

(By United Press.)
Terre Haute, Ind., Feb. 17.—
Joseph Roach, attorney who assisted
in the prosecution of the Terre
Haute conspirators and at the trial
when Mayor Bell was acquitted of
election fraud charges, nursed a
bruised nose today, the result of a
fight with D. W. Scott, former mem-
ber of the board of works, on the
streets here. Scott looked like he
had been in a fight. He resented a
remark Roach made about Former
County Attorney Charles S. Batt.
It was a draw when friends separat-
ed them.

WINTERS TRAIL PROVES FALSE ONE

Girl by Name of Lucy Atkins at
Newport, Ky., Suspected of Be-
ing Missing Newcastle Girl.

PICTURES PROVE OTHERWISE

(By United Press.)
Newport, Ky., Feb. 17.—John
Meyers, probation officer, after com-
paring the features of Lucy Atkins,
eleven years old, with pictures of
Catherine Winters, who disappeared
from Newcastle, Ind., three years
ago, declared today Lucy was not
Catherine.

Dr. W. A. Winters, Catherine's
father, has asked a former Newcas-
tle man now living in Cincinnati, to
see the Atkins girl.

The Atkins girl was found in the
house where the surroundings were
improper. She came here with John
Atkins, age eighty, her father, who
arrived in Newport with his 28-year-
old wife and six children, in a wagon
several weeks ago. Humane so-
ciety officers when they saw Lucy
believed she resembled Catherine
Winters.

GERMANY MAKES A COUNTER PROPOSAL

Says Great Britain Must Give
Pledge Passenger Liners Will
Not Fire on Submarines.

AUSTRIAN DECREE PUBLIC

(By United Press.)
Washington, Feb. 17.—Great
Britain must give pledges that pas-
senger liners will not fire on sub-
marines before Germany will in-
struct its commanders not to fire on
such vessels without warning. This
is in effect constitutes a counterpro-
posal of Germany to the objection
of the United States to the plan to
sink all armed ships after March 1.
This became known today follow-
ing a twenty minutes informal dis-
cussion of the new submarine issued
by Secretary Lansing and Ambassa-
dor Bernstorff.

The text of the Austrian decree
announcing that all armed ships
will be sunk without warning after
February 29 was given out at the
state department today. It is al-
most identical with the German de-
cree.

It was learned on high authority
that the United States and Germany
are in complete accord regarding
the Lusitania controversy excepting
this government considers the fu-
ture must be taken care of as well
as the past.

LORIMER GOES ON TRIAL TODAY

Former Senator to be Tried on
Charges Growing Out of Wreck-
ing of Chicago Trust Company

PARTNER UNDER SENTENCE

Indictment of Deposed Senator Fol-
lowed Collapse of LaSalle
Street Savings Bank

(By United Press.)
Chicago, Feb. 17.—William Lor-
imer, former United States senator
went on trial before Judge Dever
today on charges growing out of the
wrecking of the LaSalle Street
Trust & Savings bank, for which C.
B. Munday, Lorimer's partner, is
already under prison sentence. It
was believed today that at least a
week will be occupied in securing a
jury.

Ousted from the United States
senate after a bitter fight in 1911.
Lorimer today faced the second
great trial of his career.

He is accused, with others, of
conspiring to loot half a dozen Il-
linois banks, J. K. Segrave, former
state bank examiner, and H. W.
Hutting, a Muscatine, Iowa, manu-
facturer, were also jointly indicted
with Charles B. Munday, Litch-
field, Ill., banker who organized the
institutions and who now is appeal-
ing after conviction and sentence to
five years in prison for the same of-
fense. E. J. Raber, assistant state's
attorney, is in charge of the prose-
cution. The defendants had a no-
table array of counsel.

Lorimer's indictment, with thir-
teen other alleged conspirators, fol-
lowed the collapse of the La Salle
bank of Chicago and its subsidiary
banks in June, 1914. Thomas Mc-
Donald the La. Salle's cashier, and
Charles G. Fox, vice president, both
indicted, testified for the state and
will not go to trial. William Lor-
imer, jr., son of the former senator,
also was indicted, but is not on trial
today.

The Lorimer-Munday banking
projects were launched two weeks
after the famous confession of
Charles White that led to Lorimer's
being ousted by the senate on an
illegal election charge. The banks
were to open May 10, 1910. White
confessed April 30. Lorimer's
friends contend that the expose was
planned by his enemies to break up
his financial projects.

BROKERS PESSIMISTIC

(By United Press.)
New York, Feb. 17.—The reopen-
ing of the Lusitania case was cause
for pessimism on the stock ex-
change floor at the opening today,
and prices generally sagged. United
States steel was off one-fourth and
sold fractionally lower on later
trading. Some of the losses in war
stocks were as much as a full
point.

The Counterfeit Lacks the Ring

self.

It may look just as good, but
the ring is lacking—it won't

Up-to-date merchants ban
this practice and customers
properly view it with distrust.

What A. Gunn Haydon of Rushville

has to say about cream separators this week

REMEMBER that a cream separator has to be used 730 times every year. If it runs hard, or isn't easy to wash, or doesn't skim clean, it is a constant annoyance and bother.

No machine or implement on the farm receives such constant use and there is no other machine on the farm where quality of work means so much and first cost means so little.

A little loss of cream with a cream separator, multiplied 730 times, soon runs into money. It's too big a handicap for any cow owner to try to work under.

Creamerymen all over the world long ago came to the conclusion that the De Laval was the only machine they could afford to use. That's why 98% of the cream separators used in creameries the world over are De Laval.

You will find the biggest and best dairymen almost invariably using De Laval

Experience has taught them that it is the most economical.

You can't afford to take any chances with your cream separator, and we know that if you will come to us and let us put in a De Laval for you, 730 times a year you will say to yourself "I made a good move when I bought that De Laval."

Sooner or later you will buy a DE LAVAL

At Your Bank

You want to feel that your account is appreciated even if not expressed in large figures. You want also to get more use from your bank than the safeguarding of your funds.

THE RUSH COUNTY NATIONAL BANK wants you, as a depositor here, to express your needs, and to give it an opportunity to show you what real banking co-operation means.

Many Interesting grocery savings for this week

We give our customers the benefit of our buying power which enables us to get our goods at the lowest possible prices. We don't sell goods "at cost." Anyone with common sense knows that it can't be done. We know what it costs to do business and our prices are fixed so that each article must pay its part of the cost. We would rather have our customers feel that they are getting every article at its real value than to sell them a few articles at or below cost and have them wonder what we are going to "even up" on.

How We Wash Your Linen

At our modern laundry your clothes are washed by being placed inside a large perforated cylinder which revolves inside a water tight case. The case holds the water—the cylinder carries the garments through it.

With every revolution the clothes are carried through the water and dropped again into it. This and the constant motion work the water and soap suds through the clothes, and so loosen up and carry away the dirt without the wear of the rubbing process.

In our washing process we change the water upon your clothes seven times. These waters range in temperature from cold to boiling hot. We use pure soap, plenty of it, and the best bluing money can buy.

Naturally we make your clothes whiter, cleaner and sweeter—and guarantee their perfect sanitary condition.

Real Public Spirit

The Rushville chapter of the D. A. R. deserves public commendation for the public spirited work in arousing interest among school children in history, a subject too often neglected. Historical subjects are given more attention than they once were, but the essay contests of the D. A. R. have only served to augment the work of the schools in this direction. It is the third contest that will be brought to triumphant close tomorrow, and it is altogether fitting, too, that the patriotic society should convert the awarding of the prizes into a celebration of the birth anniversary of the "father of our country."

The renewal of interest in history in the schools is not the only thing for which Rushville is indebted to the Daughters of the American Revolution. This public-spirited society is responsible for the excellent public library which everyone enjoys and the adequate women's rest room adjoining which has been found to be very useful. In addition, the D. A. R.'s planted a number of young trees in the city park a few years ago for the purpose of beautifying it for future generations. The chapter always remembers the inmates of the county asylum at Christmas, helped liberally on the flood sufferers' relief fund in 1913 and has been interested in other charitable undertakings.

HUNDRED LEADING HOOSIERS
1816-1916

James Noble 1785-1831

James Noble, first United States senator from Indiana, was born in Battletown, Va., on December 16, 1785. He married at the early age of seventeen years, and entered a law office. He removed to Brookville, Ind. Gaining early recognition as an eloquent advocate, he took foremost rank as a jury lawyer. His charm of manner, heroic stature, fine features, and gift of conversation made him a leader among men. At twenty-five he became prosecuting attorney for Wayne and Franklin counties, and the following year was appointed judge of the third judicial district.

In the constitutional convention of 1816 he was chairman of the committee on legislation and was a member of the judicial committee. Here the first political "Triumvirate" of Indiana was formed, consisting of James Noble, Jonathan Jennings, and William Hendricks. By mutual agreement, Noble was to

SAGE TEA KEEPS
YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Weth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

We are authorized to announce the name of Charles C. Brown as a candidate for Sheriff on the Democratic ticket, subject to the decision of the primary election, March 7, 1916.

Thin Girls, Cut This Out

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscle in the blood—under a microscope the blood is thin and watery. The flesh is flabby, too. Well-known physicians assert that the regular administration for several months, of 5 grain tonline tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self administration obtain from any druggist. For sale by Hargrove and Mullin.

become United States senator, Jennings the first governor and Hendricks the first congressman. When the supreme court was organized this triumvirate picked the first set of judges. Noble selected J. L. Holman of Aurora, Jennings selected John Johnson of Vincennes, and Hendricks chose James Scott of Clark county. On November 8, 1816 Noble's election as Senator occurred, and he started to Washington on horseback.

James E. Watson Meets Many Friends During Day Speaks in Columbus Wednesday Night

PRAISES FORMER OPPONENT

James E. Watson spent Wednesday in Barthomew county, closing an active day with a speech at the City Hall in Columbus last night. He discussed his candidacy briefly, according to dispatches from Columbus, and declared this county would now be in a bad state financially and industrially were it not for the business created by the European war. The Columbus band played last night preceeding the meeting and escorted Mr. Watson and his friends to the City Hall. The candidate for senator spoke briefly in praise of Hugh Th. Miller, his former opponent, of Columbus, who had to resign because of ill health. Concerning his visit yesterday, the Columbus Republican says:

Mr. Watson arrived here during the morning and was met by several of his local friends. He was escorted to the Hotel St. Denis where he took a room for the day. Before going to his room he shook hands with numerous people who called at the hotel to see him. Callers at his room were frequent throughout the day.

Mr. Watson is firm in the belief that the Republicans of Indiana will select him as their candidate for United States Senator. He has been in every part of the state and feels that the situation is looking more favorable for his candidacy every day.

DOCTORS USING
AMOLOX WITH
GREAT SUCCESS

This remarkable letter, coming from a prominent physician engaged in active practice for over 25 years, proves the merit of this wonderful new Remedy.

I have used Amolox in four different cases with excellent results. All showed marked improvement from the start. Two apparently are cured, the skin being free from scales and redness, and perfectly normal.

I consider Amolox a Remedy of rare merit. I know nothing in the modern text-books that equals it in therapeutic value.

H. R. Hills, M. D., Youngstown, O.

Pimples on the face, Blackheads, Aene and all minor skin troubles yield quickly to the use of the Amolox Ointment. Sufferers of Eczema, Psoriasis, Tetter, Salt Rheum, and bad chronic cases of skin diseases lasting for years, should use both the Ointment and the Solution to effect a cure. Trial size 50c. Guaranteed and recommended by Hargrove & Mullin.

Republican Candidate For
Clerk

Subject to Primary Election March 7th

GEO. B. MOORE, Jr.

Having been the Republican nominee for Clerk in 1912, which required considerable time and some expense, both cheerfully given; the privilege of again making the race, when, from a Republican viewpoint, the political outlook is very much brighter, would be appreciated very much.

To The Republicans of Rush Co.

I wish to say to the Republicans of Rush county that I am a candidate for the nomination of STATE SENATOR for the district of Hancock, Rush and Decatur Counties. I was your nominee for the same office in 1914, when the district was composed of Hancock, Rush and Fayette, and ran ahead of the State ticket in each County.

I did not seek the office at that time, but accepted when there seemed to be no chance of election, and did my part to bring success to the party. I led the ticket in Hancock County by several hundred votes. I am asking for your support in the nomination, and if nominated will do all I can to be elected. I take this method of soliciting your support as I will be unable to see all personally.

Thanking you for anything you may do in my behalf, I am,

Yours most sincerely,

WALKED OFF THE FLOOR

Manilla Independents Objected to Foul Being Called.

Basketball fans were disappointed last night when the Manilla independents forfeited the game to the Fairview Athletic club at Fairview. The largest crowd of the season turned out to see what promised to be a very interesting game. Gates of Alquina was referee for the home team. Manilla protested when a foul was called on one of their men and when the referee would not change his decision, left the floor. They refused to finish the game except on the condition that Gates be removed and Fairview put in a new referee to finish the first half. At the end of ten minutes of play, the score stood eight to two in favor of Fairview.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says Inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

CHARGE AGAINST POLICE SERGEANT

Clash Between Reporter And Officer Comes to Head in Trial Scheduled For Today

TROUBLE AT ELITE CAFE

(By United Press.) Indianapolis, Feb. 17.—One incident in the "unpleasantness" existing between a local newspaper and the police department came to a head today when Morton C. Hulse, police sergeant, appeared in Justice of the Peace Kiefer's court for trial on a surety of the peace warrant.

Charles W. McCarty, a reporter, who swore out the warrant, alleges that Hulse threatened him several months ago and that without provocation Hulse recently attacked him with his first. Hulse declares that McCarty wrote defamatory articles about him.

Hulse is the defendant to assault and battery charges preferred against him in police court by McCarty. He also is charged with profanity by Michael Glenn, a former member of the police force who recently was dismissed by the board of safety.

All of these charges are an outgrowth of an attempt of the police to close the Elite cafe operated by Michael Glenn.

TODAY'S HOOSIER ODDITY

(By United Press.) Hammond, Feb. 17.—When Lake county tourists, remembering recent bandit deeds, approaching a dark stretch of road recently and saw men waving at them to stop, they ducked, put on high speed and dashed past. After twelve autos had done this, the first party had had time to notify the sheriff, who arrived with a posse. He found the "bandits" were fired business men out of gas. He towed them into town.

DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with Kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep. From the dreadful pains that would come over me from my kidneys. I was treated by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking same and before I had finished taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take same until I was entirely cured and took on considerable weight.

I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with their kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they sure know of its merits. I am,

Bible class, with Mrs. Lon Link at 434 North Perkins street.

Penny supper, at Christian church at five o'clock, given by Psi Iota Xi.

Thimble Club, with Mrs. Lewis Sexton at 116 East Ninth street.

Valentine social, at Little Flatrock Christian church at 7:30.

Mrs. Viola Carter furnished a pleasant afternoon for the members of the Ladies Aid Society of the Methodist church of Falmouth, when they met at her home yesterday afternoon. The ladies spent a social afternoon quilting and enjoyed dainty refreshments near the close of the meetings.

PENNY SUPPER.

Over three hundred people spent seventy-five dollars worth of pennies, with the ladies of the First Presbyterian church when they gave a Penny Supper last evening. Living up to the culinary reputation that these ladies have already established, an excellent supper was served.

FOUR INITIATES

On Tuesday evening, several candidates were taken into the Rebekah lodge at Homer. They included the Misses Mable and Rena Mahin and Mary Enos and Fred Mahin, the first two mentioned being from this city. Following the initiation, an elaborate banquet was served honoring the new initiates. It was given in the Odd Fellows Hall and a bountiful supper and general good feeling provided an enjoyable time for all present.

PIE SOCIAL

Pies of all kinds were in evidence at the social given by the Royal Neighbors at the Modern Woodmen Hall on Tuesday evening. They were quickly sold and furnished the refreshment for the evening. Votes for the most popular young lady and gentleman present were one cent each, and after a goodly number were sold, the awards were given. A cake went to Miss Ethel Oakley and Halbert Brown received a beautiful bouquet. Lively music was furnished for the dancers that enjoyed the informal program of dances that continued through the evening. Seventy-five is the approximate number present.

DINNER PARTY.

Mr. and Mrs. George Lowden were the host and hostess for a most delightful dinner party on Wednesday evening. The table was beautiful but simple in its appointments. A splendid chicken dinner and all accompanying dishes were served. Following the dinner, the genial group spent a pleasant evening playing Rook. Aside from the host and hostess, those participating in the pleasant evening were Mr. and Mrs. J. B. Hall and son Hugh, and Miss Nelle Branam.

K. OF C. DANCE.

"The Second Real K. of C. Dance," read the invitations issued for the dance to be given in the Phi Delta Theta Hall on February 22d. Judging from the first dance given by the order this year, this one will be a real one and the guests who are planning to come from the surrounding cities, will be well paid for doing so. As the date suggests, it will be a Washington's birthday party. The dance committee include the Misses Mayme Mullins, Kathryn Carroll, Kathryn McKee, and Thomas Cooning, Ed Gantner, William Fitzgerald, Jack Knecht, Earl Osborne and Ivan Coyne.

BRILLIANT BALL.

Gay, indeed, was the ball given by a number of the members of the

Social Club for their wives and lady friends last evening. As the strains of music floated out, the graceful couples gliding over the smoothly polished floor made a bright picture long to be remembered. The ladies were becomingly gowned in toilettes of the latest model, too the debonair men had donned evening dress for the festive occasion. During the program of dances, a one-course buffet supper was served in the dining room adjoining the dance hall. Mitchell's four-piece orchestra furnished spirited music during the entire evening. Among those from other cities who were here were the Misses Lorene Pearson and Helen Forsythe, of Indianapolis. Marie Braden and Hazel McCoy of Greensburg, Gladys Henley of Chicago and Clara Haydon of Lexington, Ky., Arthur Wagoner, of Shelbyville, Mr. Bowen of Indianapolis and Mrs. Carpenter, of St. Louis.

VALENTINE AFFAIR.

The unprecedented amiability on the part of the weather man was an aiding factor in the pleasant afternoon which the ladies of the Social Dozen spent with Mrs. William Mulno at her home in North Jackson street this afternoon. After an interesting session of conversation and sewing, the guests were invited into the dining room, which with the airy cupids and hearts floating about, glow from red candles, and the floral embellishments of red carnations, might well be taken for fairyland itself. Place cards, also bearing these tiny love symbols, marked the places at which the guests were seated to enjoy the two-course dinner, which was also carried out in the prevailing colors. Aside from the regular members, several invited guests who were the Misses Margaret and Katherine Guffin, Margaret Ball and Mary Louise Poe, enjoyed this pleasant afternoon. Mrs. Mulno was graciously assisted during the afternoon by her daughter, Miss Dorothy Mulno.

COUNTRY CLUB.

The members of the Big Flatrock Country Club had another one of their delightful gatherings, marked with informality and pleasure, when they were entertained by Mr. and Mrs. Wilbur Warner on Thursday evening. They participated in several lively games of Rook, made especially enjoyable by the music furnished by several of the guests. Near the close of the pleasant affair, delicious refreshments were served. The group of invited guests included the Misses Georgia Rawlings, Bertha and Harriet Halterman and Newton Halterman, Lawrence Kramer, Dave Bailey, Virgil Maffett, William Branson, Clifford Benning and Mr. and Mrs. Chase Rudde. The members of this club, famous for its elaborate parties, are Mr. and Mrs. Noah Tryon, Mr. and Mrs. John Benning, Mr. and Mrs. Chester Hall and son, Wayne, Mr. and Mrs. Alva Webb and children, Hattie and Harold, Mr. and Mrs. Frank Whiting, Mr. and Mrs. Earl Harecourt, Miss Gladys Cleo Warner and Howard Warner.

PENNY SOCIAL.

The excellent gatherings that the B. Y. C. D. class of the Baptist church has been enjoying were turned into financial as well as social gain, when they entertained a number of the church members at the home of Miss Artie Bates last evening. The enthusiastic class members had planned an evening full of pleasure for the eighty or more guests which were present.

Many in Rushville Try Simple Remedy

Many Rushville people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. F. E. Wolcott, druggist

(Advertisement.)

Clever contests, of several different kinds, amused the guests in a lively way. In one of the best of these, popular advertised articles were placed about the house and from the pictures, guesses were made as to what they represented. Mrs. F. C. Steffy proved to be the most successful guesser. Games, old-fashioned and new ones, also furnished a round of fun and informality, until nine o'clock, when supper was served. With festoons of hearts draped from the corners of the room and huge bouquets of red carnations, not only the tables, but whole room resembled a bower of beauty. A menu, although rather questioning as to meaning, was at each place. "Sidewalk slippers," "Hidden Tears" meaning bananas and onions respectively, were only two of the mentioned dishes.

Aside from the sociable time furnished, about nine dollars was cleared as a result of the evening's festivities.

MISSIONARY MEETING

The last meeting of the Missionary Society of the First Presbyterian church, which the present officers will conduct, was held Tuesday afternoon at the home of Mrs. Carmichael in North Main street, with Mrs. Dave Marshall and Mrs. Bert Simpson assisting. The out-going officers were Mrs. Carmichael who has been the inspiring president of this flourishing organization for the past six years; Mrs. Liddle, vice-president; Mrs. F. B. Stearns, second vice-president; Secretary, Miss Minnie Beale; Treasurer, Mrs. J. T. Arbuckle; and Secretary of literature, Miss Ruby Petry.

An interesting and profitable program occupied the principal part of the afternoon. Mrs. Joe Cowing led the devotions, Bible study was conducted by Mrs. Liddle, and an excellent paper on "Cuba and Porto Rico" was read by Miss Anna Stearns in which she touched on the great work the Presbyterian church is accomplishing in these mission fields. Dr. D. Ira Lambert was present for a short while and made a few inspiring remarks on the work of the society.

The ladies enjoyed a delightfully informal social hour during which time the hostesses served delicious refreshments to the guests, which numbered about twenty-five.

The in-coming officers, whose duties begin with the next meeting, are: President, Mrs. Liddle; vice-president, Mrs. John Boyd; second

BREAK UP BRONCHIAL COUGHS, CROUP AND COLDS PROMPTLY

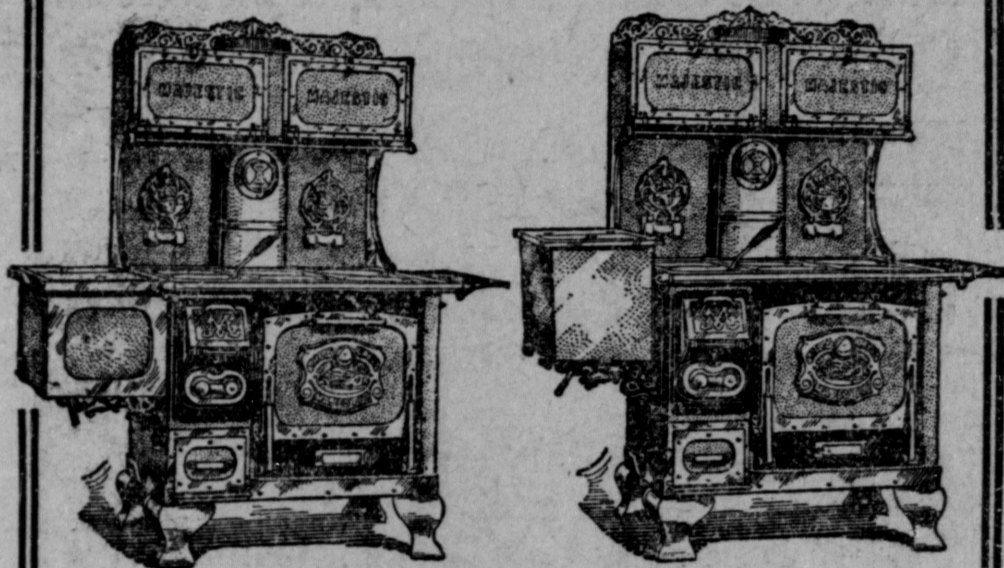

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents

Don't neglect your first cold, cough or any Bronchial affection, this fall, but commence treatment immediately, and through using the proper medicine, it can be checked from the very start and promptly cured, but if neglected probably will hang on all winter; if it does not develop into something more serious, such as pneumonia or consumption. True, there are hundreds, yes thousands of cough remedies on the market. While some are good, there are many which are not, but are positively harmful, due to the narcotics which they contain. But why experiment with these different remedies purely on the strength perhaps of some testimonials or on the exaggerated claims of manufacturers, when Schiffmann's New Concentrated Expectorant is sold by Fox Bros. on such a positive guarantee to give perfect satisfaction, yes even more—money will be re-

funded by them if it is not found the best remedy ever used in Severe Coughs, Colds, Whooping Cough or Croup, and it will also be found excellent for Bronchial Asthma and Bronchitis. Besides these druggists guaranteeing "that it will be the best remedy ever used," it will likewise be found the most economical, because one bottle (50 cents' worth) makes a full pint (128 teaspoonful) of the most excellent medicine for any of the above affections, when mixed at home with one pint of granulated sugar and one-half pint of water. It makes as much, or more, than would cost you \$2.00 to \$3.00 of almost any of the ordinary ready-made kinds, sold in bottles holding only 24 to 32 teaspoonful. You will be the sole judge yourself and under the same positively "Money Back" guarantee which the druggists make for the famous Asthmador. Absolutely no risk is run in buying this remedy.

RECIPE TO CLEAR
A PIMPLY SKIN

Pimples are Impurities Seeking
an Outlet Through Skin
Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

cum of this city.
Following the business meeting this afternoon, Mr. Cook talked on the theme, "The United Program" and was followed by the Rev. Mr. Philippi who spoke on the topic, "The Symmetrical Development of the Missionary Activities of the Church." The hour from three to four was devoted to the C. W. B. M., during which time the meeting was addressed by Mrs. W. S. Moffett.

The morning program opened with devotion by the Rev. Mr. Power, followed by the address by President McMillin. The reports of the secretary and departmental superintendents were then heard, followed by an address on the theme, "Our Church College" by Carl Van Winkle. At 11:15 G. I. Hoover spoke on "Victories of Our District Work" and the morning closed with an address by T. J. Legg on "Administering the Affairs of the local church."

The co-operative work, the development and achievements of the Christian churches of the state in the last century were outlined by two Indiana district evangelists at the opening meeting Wednesday night. T. J. Legg, evangelist in the western district, spoke on "The Development of Our Co-operative Work in Indiana" and G. I. Hoover, evangelist in the eastern district, of which Rush county is a part, had for his theme "A Century of Achievement in the History of the Christian Church in Indiana." The guests were welcomed by the Rev. C. M. Yocum and the devotional exercises were conducted by the Rev. Milligan.

Mr. Legg, who is a native of Rush county, gave some interesting history concerning the Christian church in this county. He reviewed the growth of the church, beginning with the establishment of the oldest church on the planet, the Blue River Baptist in Washington county, on May 8, 1809. He said that on May 10, 1819, the members declined to call their church the Church of Christ, disregard all doctrine, be governed by the New Testament and meet around the Lord's table every Sunday.

In 1821, members of the Blue River church sent out letters calling a conference of all churches then in Indiana, Mr. Legg said. It continued for two weeks and on May 21 adopted a resolution recommending that all churches represented take action similar to that of the Blue River church.

"All churches which had representatives in that conference ratified that recommendation," continued the evangelist. "That was before they had ever heard of Thomas and Alexander Campbell. It only goes to show that only the Bible makes Christians."

He recounted the next movement in southeastern Indiana in which the Liberty church became a Church of Christ. The third movement in the development was the conversion of the Little Flatrock church in this county, then a Baptist church, to the Christian faith. He said there was some discussion between the Orange and Little Flatrock churches as to which was the oldest, but that Little Flatrock was the mother of more churches in the brotherhood in Indiana than any other church.

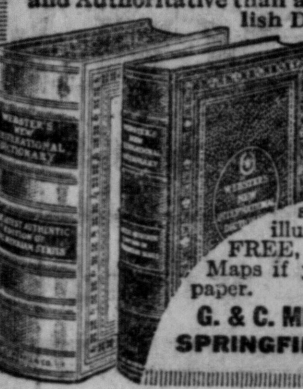

Mr. Legg said the movement spread out sporadically and gradually moved north in Indiana. He said in 1839 it was feared the brotherhood would become disunited because so many members of the church moved northward as the frontier extended and as a result a missionary society was formed in Jefferson county to disseminate Christian doctrine. Ten years later another was formed in Henry county, which is the oldest co-operative religious organization in the state. It was not empowered to receive money or hold trusts, but in 1870 a man wanted to make a bequest to be held in trust to disseminate the Christian religion and in 1871 the association was reorganized and accepted the endowment, which is still held by Butler college.

In 1871, Mr. Legg said, the Indiana Christian Sunday school association was organized at Rome City

and from that gradually evolved the state missionary society which is now endowed and supports five districts evangelist. There was first only one state evangelist. Mr. Legg has been identified with the evangelistic movement for twenty-five years.

G. I. Hoover's lecture was illustrated with pictures of ministers who have been identified with the history of the church in Indiana during the last century. He said there were few counties which had had a more honorable or active part in the development of the church in Indiana than Rush county.

**VEGETABLE
CALOMEL**

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podyphyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers. They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santanel Remedies Co., 802 Madison Ave., Covington, Ky.

HORSE LIVES TO AGE OF FORTY YEARS

Extraordinary Longevity of Mare is
Brought Out by Recent Sale by
Pat Carroll.

OWNED BY ONE MAN 28 YEARS

The extraordinary longevity of a
horse has been brought out by the
recent sale of Pat Carroll's old
mare to Lige Pea. The mare is said
to be forty years old, which in some
quarters is said to be a record for
old age as far as horses are con-
cerned. The Carroll horse is known
almost as well as Pat himself as he
has owned the horse about as long
as the "oldest inhabitant" can re-
member.

Carroll bought the horse twenty-
eight years ago from the late Dan
Murphy. At that time the horse was
twelve years old. The animal is said
to have been raised by George
Thomas, and according to these fig-
ures, is forty years old, and the ex-
act age may exceed this by a few
years. Tom Sullivan vouches for
the statement that the horse is forty
years old, as he remembers when
Carroll purchased the animal from
Murphy.

Mr. Carroll has taken exception-
ally good care of the mare. He re-
cently sold the horse together with
a small road wagon, to Lige Pea
for \$32.

CASE IS SENT TO SHELBY COUNTY

Change of Venue Granted in Reple-
vin Suit of Alberta M. Walker
Against Sheriff Cavitt.

ARGUMENT IN ANOTHER CASE

Judge Sparks today granted a
change of venue in the case of Al-
berta M. Walker against Vorhees
Cavitt, sheriff of Rush county, send-
ing the case to the Shelby circuit
court. It is a suit to replevin cer-
tain goods that the sheriff obtained
from the Walkers through an order
of the court. Ten days was given in
which to perfect the change.

The court heard the argument in
the case of Oneal Brothers against
John D. Stewart and Mrs. Mary
Stewart to foreclose a mechanics
lien. The case was tried last Sat-
urday, but the argument was post-
poned until today. There were no
cases set for trial today and as a
result there was very little going on
in circuit court.

MUST BE FREE OF ALL DISEASE

Workers With Food Products Will
be Compelled to Furnish Cer-
tificate of Health

ORDERS NOT SENT HERE YET

Local Health Officers Expect to Re-
ceive Notice of Enforcement
of Order Any Time

Although neither Dr. Will C.
Smith, county health commissioner,
nor Dr. E. L. Wooden, secretary of
the city board of health, have re-
ceived such orders yet, the state
board of health has announced that
it has sent out instructions to local
health officers throughout the
state, under which enforcement of
the board's rule, requiring freedom
of disease for all persons working
with food products, is to begin at
once. Local health officers expect-
ed to receive the order most any
time.

The board, in a recent order,
directed all employers to require a
certificate of freedom from disease
from their workmen. The order ap-
plies to bakers, cooks, grocers,
clerks, waiters, employees in canner-
ies, slaughterhouses, dairies and
"every one, who, in any way, comes
in contact with food."

According to the announcement
the local health officers throughout
the state will enforce the provisions
of the order. The board will pro-
vide the necessary blanks and local
health officers may be called on to
make the examinations.

"This means that hereafter the
man who wants to work with food
must show his certificate of good
health," the board's announcement
today said. "It means that the
diseases of bad living and immor-
ality will not be found among the
men who handle our food. The
state board of health will receive
the heartiest co-operation from the
hotel and restaurant proprietors,
canners, confectioners and bakers,
all of whom have urged the rigid en-
forcement of the law. That the con-
sumers of food will welcome the
elimination of the unfit from contact
with their food goes without say-
ing."

ALL FOR WATSON.

A letter has been received here
from Aaron Wellman, who, together
with several Rushville people, are
sojourning at St. Petersburg, Flori-

on United States senator among
Hoosiers at the resort. It resulted
as follows: Watson, 57; New, 27;
Robinson, 3; Kern, 4.

CLOCK STOPPED AGAIN.

The court house clock was again
out of order today. The clock
stopped at five minutes till six
o'clock this morning. The lever con-
trolling the hands on the west face
of the clock is out of repair and
these hands at time put the other
three faces out of commission. Jess
Poe made the repairs this morning.

celebrated meeting Friday even-
ing for the purpose of degree work,

urged to be present.

COST WILL RUN ABOUT \$3,000

Estimated That Expense of Primary
in This County Will be Near
That of an Election.

\$3,665 IS APPROPRIATED

Expense of Registration and Elec-
tion in Rush County in 1914
Was \$3,132.

The cost of the compulsory pri-
mary election to be held March 7,
is estimated by county officials to
run about the same as the last gen-
eral election and registration. It
may be more and it may be less as
this is hard to determine because it
will be the first primary ever held in
this county.

The expense of the registration
and election in 1914 was \$3,132.
Some officials believe that the pri-
mary election will at least equal this
cost. The county council has al-
ready appropriated \$3,655 for elec-
tions. It is practically certain that
the expense of the primary will not
exceed the amount appropriated.
The amount appropriated is for
election expense and an additional
amount will have to be appropriated
for the general election in Novem-
ber, if the primary takes a very
large sum from the total appropri-
ated.

This year there will be but one
registration day and, at least \$500
will be saved the county by this.
However the expense of the primary
will almost double any amount heret-
ofore expended for elections by the
county.

It has been estimated that the
average cost per county for the
primary will be \$5,000, but this
amount is said to be too large for
Rush county. The expense for print-
ing the ballots, furnishing the elec-
tion paraphernalia and for counting
the vote will fall on the county. Be-
cause of the number of candidates
and other complications of the pri-
mary more time will be required to
count the vote. This means extra
pay for the members of the election
boards. It is estimated that it will
require twice as long to count the
vote at the primary as is required
at a general election.

The printing of the primary bal-
lots will require considerable time.
Each precinct in the county will
have a separate ballot for each of
the three parties. This makes a
total of 93 forms. Under the law
where there are more than four
candidates for any one office the
names of the candidates are to be
rotated in such a manner that each
candidate will head the list an equal
number of times. This will occur
but once. There are six candidates
for the Republican nomination of
sheriff. It will be necessary to print
the ballots so that each one of the
six names appear at the top of the
list an equal number of times.

JOE ROACH HAS A FIGHT

Attorney in Conspiracy Cases Mixes
With Terre Haute Man.

(By United Press.)

Terre Haute, Ind., Feb. 17.—
Joseph Roach, attorney who assisted
in the prosecution of the Terre
Haute conspirators and at the trial
when Mayor Bell was acquitted of
election fraud charges, nursed a
bruised nose today, the result of a
fight with D. W. Scott, former mem-
ber of the board of works, on the
streets here. Scott looked like he
had been in a fight. He resented a
remark Roach made about Former
County Attorney Charles S. Batt.
It was a draw when friends separat-
ed them.

WINTERS TRAIL PROVES FALSE ONE

Girl by Name of Lucy Atkins at
Newport, Ky., Suspected of Be-
ing Missing Newcastle Girl.

PICTURES PROVE OTHERWISE

(By United Press.)

Newport, Ky., Feb. 17.—John
Meyers, probation officer, after com-
paring the features of Lucy Atkins,
eleven years old, with pictures of
Catherine Winters, who disappeared
from Newcastle, Ind., three years
ago, declared today Lucy was not
Catherine.

Dr. W. A. Winters, Catherine's
father, has asked a former New-
castle man now living in Cincinnati, to
see the Atkins girl.

The Atkins girl was found in the
house where the surroundings were
improper. She came here with John
Atkins, age eighty, her father, who
arrived in Newport with his 28-year-
old wife and six children, in a wagon
several weeks ago. Humane so-
ciety officers when they saw Lucy
believed she resembled Catherine
Winters.

GERMANY MAKES A COUNTER PROPOSAL

Says Great Britain Must Give
Pledge Passenger Liners Will
Not Fire on Submarines.

AUSTRIAN DECREE PUBLIC

(By United Press.)

Washington, Feb. 17.—Great
Britain must give pledges that pas-
senger liners will not fire on sub-
marines before Germany will in-
struct its commanders not to fire on
such vessels without warning. This
is in effect constitutes a counterpro-
posal of Germany to the objection
of the United States to the plan to
sink all armed ships after March 1.

This became known today follow-
ing a twenty minutes informal dis-
cussion of the new submarine issued
by Secretary Lansing and Ambassa-
dor Bernstorff.

The text of the Austrian decree
announcing that all armed ships
will be sunk without warning after
February 29 was given out at the
state department today. It is al-
most identical with the German de-
cree.

It was learned on high authority
that the United States and Germany
are in complete accord regarding
the Lusitania controversy excepting
this government considers the fu-
ture must be taken care of as well
as the past.

LORIMER GOES ON TRIAL TODAY

Former Senator to be Tried on
Charges Growing Out of Wreck-
ing of Chicago Trust Company

PARTNER UNDER SENTENCE

Indictment of Deposed Senator Fol-
lows Collapse of LaSalle
Street Savings Bank

(By United Press.)

Chicago, Feb. 17.—William Lori-
mer, former United States senator
went on trial before Judge Dever
today on charges growing out of the
wrecking of the LaSalle Street
Trust & Savings bank, for which C.
B. Munday, Lorimer's partner, is
already under prison sentence. It
was believed today that at least a
week will be occupied in securing a
jury.

Ousted from the United States
senate after a bitter fight in 1911,
Lorimer today faced the second
great trial of his career.

He is accused, with others, of
conspiring to loot half a dozen Il-
linois banks, J. K. Segrave, former
state bank examiner, and H. W.
Hutting, a Muscatine, Iowa, manu-
facturer, were also jointly indicted
with Charles B. Munday, Litch-
field, Ill., banker who organized the
institutions and who now is appeal-
ing after conviction and sentence to
five years in prison for the same of-
fense. E. J. Raber, assistant state's
attorney, is in charge of the prose-
cution. The defendants had a no-
table array of counsel.

Lorimer's indictment, with thir-
teen other alleged conspirators, fol-
lowed the collapse of the La Salle
bank of Chicago and its subsidiary
banks in June, 1914. Thomas Mc-
Donald the La. Salle's cashier, and
Charles G. Fox, vice president, both
indicted, testified for the state and
will not go to trial. William Lori-
mer, jr., son of the former senator,
also was indicted, but is not on trial
today.

The Lorimer-Munday banking
projects were launched two weeks
after the famous confession of
Charles White that led to Lorimer's
being ousted by the senate on an
illegal election charge. The banks
were to open May 10, 1910. White
confessed April 30. Lorimer's
friends contend that the expose was
planned by his enemies to break up
his financial projects.

BROKERS PESSIMISTIC

(By United Press.)

New York, Feb. 17.—The reopen-
ing of the Lusitania case was cause
for pessimism on the stock ex-
change floor at the opening today,
and prices generally sagged. United
States steel was off one-fourth and
sold fractionally lower on later
trading. Some of the losses in war
stocks were as much as a full point.

What A. Gunn Haydon

has to say about cream separators this week

REMEMBER that a cream separator has to be used 730 times every year. If it runs hard, or isn't easy to wash, or doesn't skim clean, it is a constant annoyance and bother.

No machine or implement on the farm receives such constant use and there is no other machine on the farm where quality of work means so much and first cost means so little.

A little loss of cream with a cream separator, multiplied 730 times, soon runs into money. It's too big a handicap for any cow owner to try to work under.

Creamerymen all over the world long ago came to the conclusion that the De Laval was the only machine they could afford to use. That's why 98% of the cream separators used in creameries the world over are De Laval.

You will find the biggest and best dairymen almost invariably using De Laval's

Experience has taught them that it is the most economical.

You can't afford to take any chances with your cream separator, and we know that if you will come to us and let us put in a De Laval for you, 730 times a year you will say to yourself "I made a good move when I bought that De Laval."

Sooner or later you will buy a DE LAVAL

Many Interesting grocery savings for this week

We give our customers the benefit of our buying power which enables us to get our goods at the lowest possible prices. We don't sell goods "at cost." Anyone with common sense knows that it can't be done. We know what it costs to do business and our prices are fixed so that each article must pay its part of the cost. We would rather have our customers feel that they are getting every article at its real value than to sell them a few articles at or below cost and have them wonder what we are going to "even up" on.

How We Wash Your Linen

At our modern laundry your clothes are washed by being placed inside a large perforated cylinder which revolves inside a water tight case. The case holds the water—the cylinder carries the garments through it. With every revolution the clothes are carried through the water and dropped again into it. This and the constant motion work the water and soap suds through the clothes, and so loosen up and carry away the dirt without the wear of the rubbing process. In our washing process we change the water upon your clothes seven times. These waters range in temperature from cold to boiling hot. We use pure soap, plenty of it, and the best bluing money can buy. Naturally we make your clothes whiter, cleaner and sweeter—and guarantee their perfect sanitary condition.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

Real Public Spirit

The Rushville chapter of the D. A. R. deserves public commendation for the public spirited work in arousing interest among school children in history, a subject too often neglected. Historical subjects are given more attention than they once were, but the essay contests of the D. A. R. have only served to augment the work of the schools in this direction. It is the third contest that will be brought to triumphant close tomorrow, and it is altogether fitting, too, that the patriotic society should convert the awarding of the prizes into a celebration of the birth anniversary of the "father of our country."

The renewal of interest in history in the schools is not the only thing for which Rushville is indebted to the Daughters of the American Revolution. This public-spirited society is responsible for the excellent public library which everyone enjoys, and the adequate women's rest room adjoining which has been found to be very useful. In addition, the D. A. R.'s planted a number of young trees in the city park a few years ago for the purpose of beautifying it for future generations. The chapter always remembers the inmates of the county asylum at Christmas, helped liberally on the flood sufferers' relief fund in 1913 and has been interested in other charitable undertakings.

HUNDRED LEADING HOOSIERS

1816-1916

James Noble 1785-1831

James Noble, first United States senator from Indiana, was born in Battletown, Va., on December 16, 1785. He married at the early age of seventeen years, and entered a law office. He removed to Brookville, Ind. Gaining early recognition as an eloquent advocate, he took foremost rank as a jury lawyer. His charm of manner, heroic stature, fine features, and gift of conversation made him a leader among men. At twenty-five he became prosecuting attorney for Wayne and Franklin counties, and the following year was appointed judge of the third judicial district.

In the constitutional convention of 1816 he was chairman of the committee on legislation and was a member of the judicial committee. Here the first political "Triumvirate" of Indiana was formed, consisting of James Noble, Jonathan Jennings, and William Hendricks. By mutual agreement, Noble was to

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur restores its appearance a hundredfold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

We are authorized to announce the name of Charles C. Brown as a candidate for Sheriff on the Democratic ticket, subject to the decision of the primary election, March 7, 1916.

Thin Girls, Cut This Out

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscle in the blood—under a microscope the blood is thin and watery. The flesh is flabby, too. Well-known physicians assert that the regular administration for several months, of 5 grain toneline tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self administration obtain from any druggist. For sale by Hargrove and Mullin. (Advertisement)

become United States senator. Jennings the first governor and Hendricks the first congressman. When the supreme court was organized this trimmurate picked the first set of judges. Noble selected J. L. Holman of Ansonia, Jennings selected John Johnson of Vincennes, and Hendricks chose James Scott of Clark county. On November 8, 1816 Noble's election as Senator occurred, and he started to Washington on horseback.

James E. Watson Meets Many Friends During Day Speaks in Columbus Wednesday Night

PRAISES FORMER OPPONENT

James E. Watson spent Wednesday in Barthomomew county, closing an active day with a speech at the City Hall in Columbus last night. He discussed his candidacy briefly, according to dispatches from Columbus, and declared this county would now be in a bad state financially and industrially were it not for the business created by the European war. The Columbus band played last night preceeding the meeting and escorted Mr. Watson and his friends to the City Hall. The candidate for senator spoke briefly in praise of Hugh Th. Miller, his former opponent, of Columbus, who had to resign because of ill health. Concerning his visit yesterday, the Columbus Republican says:

Mr. Watson arrived here during the morning and was met by several of his local friends. He was escorted to the Hotel St. Denis where he took a room for the day. Before going to his room he shook hands with numerous people who called at the hotel to see him. Callers at his room were frequent throughout the day.

Mr. Watson is firm in the belief that the Republicans of Indiana will select him as their candidate for United States Senator. He has been in every part of the state and feels that the situation is looking more favorable for his candidacy every day.

DOCTORS USING AMOLOX WITH GREAT SUCCESS

This remarkable letter, coming from a prominent physician engaged in active practice for over 25 years, proves the merit of this wonderful new Remedy.

I have used Amolox in four different cases with excellent results. All showed marked improvement from the start. Two apparently are cured, the skin being free from scales and redness, and perfectly normal.

I consider Amolox a Remedy of rare merit. I know nothing in the modern text-books that equals it in therapeutic value.

H. R. Hill, M. D., Youngstown, O. Pimples on the face, Blackheads, Acne and all minor skin troubles yield quickly to the use of the Amolox Ointment. Sufferers of Eczema, Psoriasis, Tetter, Salt Rheum, and bad chronic cases of skin diseases lasting for years, should use both the Ointment and the Solution to effect a cure. Trial size 50c. Guaranteed and recommended by Hargrove & Mullin.

Republican Candidate For Clerk

Subject to Primary Election March 7th

GEO. B. MOORE, Jr.

Having been the Republican nominee for Clerk in 1912, which required considerable time and some expense, both cheerfully given; the privilege of again making the race, when, from a Republican viewpoint, the political outlook is very much brighter, would be appreciated very much.

To The Republicans of Rush Co.

I wish to say to the Republicans of Rush county that I am a candidate for the nomination of STATE SENATOR for the district of Hancock, Rush and Decatur Counties. I was your nominee for the same office in 1914, when the district was composed of Hancock, Rush and Fayette, and ran ahead of the State ticket in each County.

I did not seek the office at that time, but accepted when there seemed to be no chance of election, and did my part to bring success to the party. I led the ticket in Hancock County by several hundred votes. I am asking for your support in the nomination, and if nominated will do all I can to be elected. I take this method of soliciting your support as I will be unable to see all personally.

Thanking you for anything you may do in my behalf, I am,

Yours most sincerely,

Manilla Independents Objected to Foul Being Called.

Basketball fans were disappointed last night when the Manilla independents forfeited the game to the Fairview Athletic club at Fairview. The largest crowd of the season turned out to see what promised to be a very interesting game. Gates of Manilla were referee for the home team. Manilla protested when a foul was called on one of their men and when the referee would not change his decision, left the floor. They refused to finish the game except on the condition that Gates be removed and Fairview put in a new referee to finish the first half. At the end of ten minutes of play, the score stood eight to two in favor of Fairview.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

CHARGE AGAINST POLICE SERGEANT

Clash Between Reporter And Officer Comes to Head in Trial Scheduled For Today

TROUBLE AT ELITE CAFE

(By United Press.)

Indianapolis, Feb. 17.—One incident in the "unpleasantness" existing between a local newspaper and the police department came to a head today when Merton C. Hulse, police sergeant, appeared in Justice of the Peace Kiefer's court for trial on a writ of the peace warrant.

Charles W. McCarthy, a reporter, who swore out the warrant, alleges that Hulse threatened him several months ago and that without provocation Hulse recently attacked him with his fist. Hulse declares that McCarthy wrote defamatory articles about him.

Hulse is the defendant to assault and battery charges preferred against him in police court by McCarthy. He also is charged with profanity by Michael Glenn, a former member of the police force who recently was dismissed by the board of safety.

All of these charges are an outgrowth of an attempt of the police to close the Elite cafe operated by Michael Glenn.

TODAY'S HOOSIER ODDITY

(By United Press.)

Hammond, Feb. 17.—When Lake county tourists, remembering recent bandit deeds, approaching a dark stretch of road recently and saw men waving at them to stop, they dashed, put on high speed and dashed past. After twelve minutes had done this, the first party had had time to notify the sheriff, who arrived with a posse. He found the "bandits" were tired business men out of gas. He towed them into town.

DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep. From the dreadful pains that would come over me from my kidneys, I was created by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking same and before I had finished taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take same until I was entirely cured and took on considerable weight.

I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they sure know of its merits. I am.

Very truly yours,

S. A. HALE.

State of New York, County of Monroe, ss. A. Hale, of Henrietta, N. Y., being duly sworn deposes and says that he is the person who wrote the foregoing testimonial letter to Dr. Kilmer & Co., and knows the facts stated therein to be true.

Social Calendar

Friday.

Bible class, with Mrs. Mary Holmes at her home.

Bible class, with Mrs. Lon Link at 431 North Perkins street.

Penny supper, at Christian church at five o'clock, given by Psi Iota Xi.

Thimble Club, with Mrs. Lewis Sexton at 116 East Ninth street.

Valentine social, at Little Flatrock Christian church at 7:30.

Mrs. Viola Carter furnished a pleasant afternoon for the members of the Ladies Aid Society of the Methodist church of Falmouth, when they met at her home yesterday afternoon. The ladies spent a social afternoon quilting and enjoyed dainty refreshments near the close of the meetings.

PENNY SUPPER.

Over three hundred people spent seventy-five dollars worth of pennies, with the ladies of the First Presbyterian church when they gave a Penny Supper last evening. Living up to the culinary reputation that these ladies have already established, an excellent supper was served.

FOUR INITIATES

On Tuesday evening, several candidates were taken into the Rebekah lodge at Homer. They included the Misses Mable and Rena Mahin and Mary Enos and Fred Mahin, the first two mentioned being from this city. Following the initiation, an elaborate banquet was served honoring the new initiates. It was given in the Old Fellows Hall and a bountiful supper and general good feeding provided an enjoyable time for all present.

PIE SOCIAL

Pies of all kinds were in evidence at the social given by the Royal Neighbors at the Modern Woodmen Hall on Tuesday evening. They were quickly sold and furnished the refreshment for the evening. Votes for the most popular young lady and gentleman present were one cent each, and after a goodly number were sold, the awards were given. A cake went to Miss Ethel Oakley and Halbert Brown received a beautiful bouquet. Lively music was furnished for the dancers that enjoyed the informal program of dances that continued through the evening. Seventy-five is the approximate number present.

DINNER PARTY.

Mr. and Mrs. George Lowden were the host and hostess for a most delightful dinner party on Wednesday evening. The table was beautiful but simple in its appointments. A splendid chicken dinner and all accompanying dishes were served. Following the dinner, the genial group spent a pleasant evening playing Rook. Aside from the host and hostess, those participating in the pleasant evening were Mr. and Mrs. J. B. Hall and son Hugh, and Miss Nello Braman.

K. OF C. DANCE.

"The Second Real K. of C. Dance," read the invitations issued for the dance to be given in the Phi Delta Theta Hall on February 22d. Judging from the first dance given by the order this year, this one will be a real one and the guests who are planning to come from the surrounding cities, will be well paid for doing so. As the date suggests, it will be a Washington's birthday party. The dance committee include the Misses Mayme Mullins, Kathryn Carroll, Kathryn McKee, and Thomas Cooning, Ed Gantner, William Fitzgerald, Jack Kuecht, Earl Osborne and Ivan Coyne.

BRILLIANT BALL.

Gay, indeed, was the ball given by a number of the members of the

Social Club for their wives and lady friends last evening. As the strains of music floated out, the graceful couples gliding over the smoothly polished floor made a bright picture long to be remembered. The ladies were becomingly gowned in toilettes of the latest model, too the debonaire men had donned evening dress for the festive occasion. During the program of dances, a one-course buffet supper was served in the dining room adjoining the dance hall. Mitchell's four-piece orchestra furnished spirited music during the entire evening. Among those from other cities who were here were the Misses Lorene Pearson and Helen Forsythe, of Indianapolis, Marie Braden and Hazel McCoy of Greensburg, Gladys Henley of Chicago and Clara Haydon of Lexington, Ky., Arthur Wagoner, of Shelbyville, Mr. Bowen of Indianapolis and Mrs. Carpenter, of St. Louis.

VALENTINE AFFAIR.

The unprecedented amiability on the part of the weather man was an aiding factor in the pleasant afternoon which the ladies of the Social Dozen spent with Mrs. William Mulno at her home in North Jackson street this afternoon. After an interesting session of conversation and sewing, the guests were invited into the dining room, which with the airy cupids and hearts floating about, glow from red candles, and the floral embellishments of red carnations, might well be taken for fairyland itself. Place cards, also bearing these tiny love symbols, marked the places at which the guests were seated to enjoy the two-course dinner, which was also carried out in the prevailing colors. Aside from the regular members, several invited guests who were the Misses Margaret and Katherine Giffin, Margaret Ball and Mary Louise Poe, enjoyed this pleasant afternoon. Mrs. Mulno was graciously assisted during the afternoon by her daughter, Miss Dorothy Mulno.

COUNTRY CLUB.

The members of the Big Flatrock Country Club had another one of their delightful gatherings, marked with informality and pleasure, when they were entertained by Mr. and Mrs. Wilbur Warner on Thursday evening. They participated in several lively games of Rook, made especially enjoyable by the music furnished by several of the guests. Near the close of the pleasant affair, delicious refreshments were served. The group of invited guests included the Misses Georgia Rawlings, Bertha and Harriet Halterman and Newton Halterman, Lawrence Kramer, Dave Bailey, Virgil Maffett, William Branson, Clifford Benning and Mr. and Mrs. Chase Rudde. The members of this club, famous for its elaborate parties, are Mr. and Mrs. Noah Tryon, Mr. and Mrs. John Benning, Mr. and Mrs. Chester Hall and son, Wayne, Mr. and Mrs. Alva Webb and children, Hattie and Harold, Mr. and Mrs. Frank Whiting, Mr. and Mrs. Earl Harcourt, Miss Gladys Cleo Warner and Howard Warner.

PENNY SOCIAL.

The excellent gatherings that the B. Y. C. D. class of the Baptist church has been enjoying were turned into financial as well as social gain, when they entertained a number of the church members at the home of Miss Artie Bates last evening. The enthusiastic class members had planned an evening full of pleasure for the eighty or more guests which were present.

Many in Rushville Try Simple Remedy

Many Rushville people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. F. E. Wolcott, druggist

Clever contests, of several different kinds, amused the guests in a lively way. In one of the best of these, popular advertised articles were placed about the house and from the pictures, guesses were made as to what they represented. Mrs. F. C. Steffy proved to be the most successful guesser. Games, old-fashioned and new ones, also furnished a round of fun and informality, until nine o'clock, when supper was served. With festoons of hearts draped from the corners of the room and huge bouquets of red carnations, not only the tables, but whole room resembled a bower of beauty. A menu, although rather questioning as to meaning, was at each place. "Sidewalk slippers" "Hidden Tears" meaning bananas and onions respectively, were only two of the mentioned dishes.

Aside from the sociable time furnished, about nine dollars was cleared as a result of the evening's festivities.

MISSIONARY MEETING

The last meeting of the Missionary Society of the First Presbyterian church, which the present officers will conduct, was held Tuesday afternoon at the home of Mrs. Carmichael in North Main street, with Mrs. Dave Marshall and Mrs. Bert Simpson assisting. The out-going officers were Mrs. Carmichael who has been the inspiring president of this flourishing organization for the past six years; Mrs. Liddle, vice-president; Mrs. F. B. Stearns, second vice-president; Secretary, Miss Minnie Beale; Treasurer, Mrs. J. T. Arbuckle; and Secretary of literature, Miss Ruby Petry.

An interesting and profitable program occupied the principal part of the afternoon. Mrs. Joe Cowing led the devotions, Bible study was conducted by Mrs. Liddle, and an excellent paper on "Cuba and Porto Rico" was read by Miss Anna Stearns in which she touched on the great work the Presbyterian church is accomplishing in these mission fields. Dr. D. Ira Lambert was present for a short while and made a few inspiring remarks on the work of the society.

The ladies enjoyed a delightfully informal social hour during which time the hostesses served delicious refreshments to the guests, which numbered about twenty-five.

The in-coming officers, whose duties begin with the next meeting, are: President, Mrs. Liddle; vice-president, Mrs. John Boyd; second

BREAK UP BRONCHIAL COUGHS, CROUP AND COLDS PROMPTLY

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents

Don't neglect your first cold, cough or any Bronchial affection, this fall, but commence treatment immediately, and through using the proper medicine, it can be checked from the very start and promptly cured, but if neglected probably will hang on all winter; if it does not develop into something more serious, such as pneumonia or consumption. True, there are hundreds, yes thousands of cough remedies on the market. While some are good, there are many which are not, but are positively harmful, due to the narcotics which they contain. But why experiment with these different remedies purely on the strength perhaps of some testimonials or on the exaggerated claims of manufacturers, when Schiffmann's New Concentrated Expectorant is sold by Fox Bros. on such a positive guarantee to give perfect satisfaction, yes even more—money will be refunded by them if it is not found the best remedy ever used in Severe Coughs, Colds, Whooping Cough or Croup, and it will also be found excellent for Bronchial Asthma and Bronchitis. Besides these druggists guaranteeing "that it will be the best remedy ever used," it will likewise be found the most economical, because one bottle (50 cents' worth) makes a full pint (128 teaspoonful) of the most excellent medicine for any of the above affections, when mixed at home with one pint of granulated sugar and one-half pint of water. It makes as much, or more, than would cost you \$2.00 to \$3.00 of almost any of the ordinary ready-made kinds, sold in bottles holding only 24 to 32 teaspoonful. You will be the sole judge yourself and under the same positively "Money Back" guarantee which the druggists make for the famous Asthmador. Absolutely no risk is run in buying this remedy.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The secret way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus causing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with glycerine. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. HEAR PROGRESS OF CHURCH WORK

Continued from Page 1.

cum of this city.

Following the business meeting this afternoon, Mr. Cook talked on the theme, "The United Program" and was followed by the Rev. Mr. Philippi who spoke on the topic, "The Symmetrical Development of the Missionary Activities of the Church." The hour from three to four was devoted to the C. W. B. M., during which time the meeting was addressed by Mrs. W. S. Moffett.

The morning program opened with devotion by the Rev. Mr. Power, followed by the address by President McMillin. The reports of the secretary and departmental superintendents were then heard, followed by an address on the theme, "Our Church College" by Carl Van Winkle. At 11:15 G. I. Hoover spoke on "Victories of Our District Work" and the morning closed with an address by T. J. Legg on "Administering the Affairs of the local church."

The co-operative work, the development and achievements of the Christian churches of the state in the last century were outlined by two Indiana district evangelists at the opening meeting Wednesday night. T. J. Legg, evangelist in the western district, spoke on "The Development of Our Co-operative Work in Indiana" and G. I. Hoover, evangelist in the eastern district, of which Rush county is a part, had for his theme "A Century of Achievement in the History of the Christian Church in Indiana." The guests were welcomed by the Rev. C. M. Youum and the devotional exercises were conducted by the Rev. Milligan.

Mr. Legg, who is a native of Rush county, gave some interesting history concerning the Christian church in this county. He reviewed the growth of the church, beginning with the establishment of the oldest church on the planet, the Blue River Baptist in Washington county, on May 8, 1809. He said that on May 10, 1819, the members decided to call their church the Church of Christ, disregard old doctrine, be governed by the New Testament and meet around the Lord's table every Sunday.

In 1821, members of the Blue River church sent out letters calling a conference of all churches then in Indiana. Mr. Legg said. It continued for two weeks and on May 21 adopted a resolution recommending that all churches represented take action similar to that of the Blue River church.

"All churches which had representatives in that conference ratified that recommendation," continued the evangelist. "That was before they had ever heard of Thomas and Alexander Campbell. It only goes to show that only the Bible makes Christians."

He recounted the next movement in southeastern Indiana in which the Liberty church became a Church of Christ. The third movement in the development was the conversion of the Little Flatrock church in this county, then a Baptist church, to the Christian faith. He said there was some discussion between the Orange and Little Flatrock churches as to which was the oldest, but that Little Flatrock was the mother of more churches in the brotherhood in Indiana than any other church.

Mr. Legg said the movement spread out sporadically and gradually moved north in Indiana. He said in 1839 it was feared the brotherhood would become disunited because so many members of the church moved northward as the frontier extended and as a result a missionary society was formed in Jefferson county to disseminate Christian doctrine. Ten years later another was formed in Henry county, which is the oldest co-operative religious organization in the state. It was not empowered to receive money or hold trusts, but in 1870 a man wanted to make a bequest to be held in trust to disseminate the Christian religion and in 1871 the association was reorganized and accepted the endowment, which is still held by Butler College.

In 1871, Mr. Legg said, the Indiana Christian Sunday school association was organized at Rome City

and from that gradually evolved the state missionary society which is now endowed and supports five districts evangelist. There was first only one state evangelist. Mr. Legg has been identified with the evangelistic movement for twenty-five years.

G. I. Hoover's lecture was illustrated with pictures of ministers who have been identified with the history of the church in Indiana during the last century. He said there were few counties which had had a more honorable or active part in the development of the church in Indiana than Rush county.

FACE HARD GAME.

The local independent basketball team faces its hardest game of the season tomorrow night when it will meet the first Commercial at Columbus. The Commercial rank along with the Em-Roes of Indianapolis, state independent champions and chances for a victory for the locals are slim. Gunning, Dehout, Carroll, Healey, Perry, Denning and Buell will make the trip.

MASONIC WORK.

Rush Chapter, No. 24, R. A. M., will have work in the P. M. and M. E. M. degrees Thursday evening, beginning at 7:30. Companions are requested to be present.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing your headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santanel Remedies Co., 802 Madison Ave., Covington, Ky.
